

TEST NUMBER	TEST	EXPECTED OUTCOME	ACTUAL OUTCOME
1	Enter nothing	Tell the user they entered nothing and loop them back to the input	Same as expected
2	Enter only numbers	Tells the user they can't do anything with it and loops them back to the input	Same as expected
3	Enter only punctuation	Tells the user they can't do anything with it and loops them back to the input	Same as expected
4	Enter a sentence with capital letters and punctuation	Tell the user the sentence was successfully compressed into words and indexes, then creates two files with the words and the indexes	Same as expected
5	Enter a MASSIVE paragraph with punctuation and capital letters	Tell the user the sentence was successfully compressed into words and indexes, then creates two files with the words and the indexes	Unfortunately if run in idle it says it's done but only does some of it because of the speech marks and if run solo it just crashes... I'll look into it.
6	Enter only a space	Tells the user they can't do anything with it and loops them back to the input	Same as expected

> I was walking to my car when I noticed my pants were on fire. I turned to my friend and said, "I think He grabbed me with his soggy fingers and said.. "Snap out of it, Man."

Then he proceeded to chant and walk in circles around me.

I looked down, My pants were still on fire, but by this time it had spread to my Uterus and three other I nt along with his plan still hoping he'd manage to save me through his voo-doo witchcraft.

After I came out of my trance from the fire I noticed that I was now in the kitchen of my grandma's house: I Screamed "WHAT THE F\*\*\*?"

My Grandma ran in and slapped the s\*\*\* outta me for cursing.

Then she proceeded to say, "I swear if you talk like that 5 more times, I'll beat the living s\*\*\* outta ;

I was quite confused as to what was going on and what I did to deserve this true life mad lib. I just stc uldn't even kill a baby piglet, now turned into this vicious beast of a monster with veins protruding fxx

She gasped, and then with the blink of an eye turned back into the sweet old lady I had once known.

"Would you like some cookies, dear?"

"Ummm Yes, grandma."

As she went to retrieve the cookies, I was planning my escape.. Looking around pondering what unimaginabl urning legs would take me.

As I made my silent escape I heard grandma yell, "You forgot your cookies dear"

Little did she know I didn't give a s\*\*\* about those cookies. As I ran I thought about my previous life : g my a\*\* for just sitting on the laptop all day typing short stories for little to no pay. When I decide

Far off in the distance I could see a huge building, maybe a hotel or some sort of jail. I wasn't too sur ean Hell my pants were already on Fire.

I decided to turn to my left and see what my next choice would be.

There were flying cantaloupes, rainbows and songs of happiness near by, I mean I was a little frightened I skipped closer and closer to the festivities and when I arrived I seen all my friends I had went to hig wood logs.. I felt much more comforted here than I did at my grandmas. I took a deep breath of relief and

s soon as I Belched out my voice changed to an annoying high pitched squeal.. Similar to ringing in your Everyone turned toward me and gave me the death stare and I knew I had screwed up once again, they all wa c sweaty rush in my bed.. My legs were no longer on fire and I felt slightly normal again. I noticed that

y informed me that I had been possessed by a spirit named Robert that liked to make people crazy by makin matic experience and live to tell about it, without needing to be put in a psych ward. I turned to the p:

"I think were gonna need an oven and fast."

That's when they knew I was a goner.
